REDS ADMIT NAZIS IN SEVASTOPOL Allies Face Crisis As Battle Of Egypt Rages Furiously CHURCHILL'S VOTE OF CONFIDENCE

Premier Pins His Hopes On Aid To Egypt

SAYS Reinforcements 'In Progress'
But Admits 'Near Disaster' Menaces

LONDON. (AP)—Prime Minister Churchill won an overwhelming vote of confidence from the House of Commons today after he had gravely asserted the Allied position in the Mediterranean and Middle East was in a near-disaster with a hope of victory pinned on "very considerable" reinforcements now in progress.

The vote was 175 to 25.

The parliamentary victory came at the end of a speech one hour and 24 minutes long in which Churchill staunchly defended his direction of the war as the best possible under the circumstances.

Churchill sketched a dark picture of the battle of Egypt. He said it had developed into a "near disaster" and that the situation in the Middle East and Mediterranean was unequalled since the fall of France.

He said the vote was the highest since the Prime Minister took office May 10, 1940.

The motion upon which the vote was taken was the first measure introduced against the present Government, Premier votes.

Battle Line Near Great Sea Base at Alexandria

British Claim
Rommel Halted

By ROBERT RUSSELL
LONDON. (AP)—Fighting the Battle for Egypt in a desert sandstorm, the British announced today the repulse of powerful Axis armored and infantry attacks at El Alamein, 70 miles west of Alexandria, but the Germans and Italians asserted they had seized that drab coastal village and were pursuing the British heading toward the inviting green delta of the Nile.

All sources agreed on the intensity of the conflict, but on nothing else.

"Results were not unfavorable to us," British Headquarters in Cairo declared in reporting a battle that continued all day yesterday.

The armored forces of Nazi Marshal Erwin Rommel were acknowledged to have made a temporary break at one defended locality, only to be driven out again by the British column.

STAND ON THE COAST

Further south, on the edge of the great Qattara Depression, British forces ranged seven miles west of their positions in eastern Alexandria, but the main battle obviously was along the coastal road toward Alexandria, where German and Italian armor closed to make his stand against persistent frontal assault.

Despite the rainstorm, the RAF continued intense bombing and strafing of the enemy in the El Alamein area, the British said, but the Axis claimed domination of the sky over the battlefield.

The Germans declared their dive bombers with breaking the way for the German armor to advance toward the British positions in the El Alamein area, the British said, but the Axis claimed domination of the sky over the battlefield.

AXIS FORCES NEARING ALEXANDRIA—Axis forces today claimed they had passed El Alamein in their drive toward Alexandria (A) and the Suez Canal (B) base on the Egyptian coast. Official circles in London hinted the Suez Canal (B) might be destroyed as a waterway if German invasion threatened that action.

Germans Carry Battle Into Russian City

But Declare That Bitter-Fighting
Is Continuing in Stronghold

By HENRY C. CASSIDY
MOSCOW. (AP)—The Red Army reported at noon today that bitter fighting was continuing in Sevastopol and dispatches telegraphed yesterday to the army newspaper Red Star said German assault troops had carried the battle into the city itself.

Red Star's accounts pictured heavily superior numbers of Nazi forces rolling slowly forward against staunch defenders of the Crimean base.

While fighting was carried into the Russian city, the Russians were believed still to hold strong positions on rocky Cape Fiolent, to the south, between Sevastopol and Balaklava.

"The Germans have announced capture of Sevastopol and Balaklava but have acknowledged that fighting still is in progress on the Kherosene Peninsula, of which Cape Fiolent is a part," Fleet RASER.

Even without Sevastopol, the Red Navy's Black Sea Fleet, including the modern cruisers "Red Crimea" and "Red Caucasus" could find bases on the Caucasian coast including Novorossiysk, Tuapse, Sukhumi and Batumi.

The situation in the last Soviet stronghold in the Crimea was described as "extremely tense and difficult."

"Two successive Russian counterattacks have ignored German claims of having captured Sevastopol."

British Retreat In Egypt Is Claimed Berlin Says Axis Forces Are Pursuing British in Egypt

BERLIN. (From German Broadcast)—The German Army reported today that Axis forces were pursuing a British retreat toward the Nile Delta after having broken through the defenses at El Alamein, 70 miles west of Alexandria.

The High Command also said that a German submarine off Port Said, Alexandria, had fired a salvo of four torpedoes at the British battleship Ram, and a British munitions barge of 1,200 tons.

This was the German communiqué version of the fighting by land in North Africa.

In Egypt, German and Italian divisions, supported by strong dive bomber formations, having broken through the El Alamein position after bitter fighting. They are pursuing the beaten British forces, which are retreating towards the Nile Delta.

Locate Spy Ring In Caribbean Area

Report 20 Arrests Extending From
British Honduras to Panama

UNITED STATES ARMY HEADQUARTERS, PANAMA CANAL ZONE. (AP)—Lieut. Gen. Frank Andrews, defense commander of the Caribbean area, announced today the arrest of twenty persons who, the Army charges, formed a spy ring engaged in fueling Axis submarines and disclosed information of United States shipping to the enemy.

A roundup completed June 25 included arrests extending from British Honduras to Panama.

Involved are prominent business men, laborers, night club hostesses, Coast Guard shipping employees, and trusted Panama Canal Zone workers.

All 20 persons now are being held for trial.

The governor of British Honduras is awaiting the authority of the War Department before determining trial procedure of those arrested in his territory.

A United States patrol plane uncovered the first definite evidence of the location of the ring's operations when it spotted a slow ship in the Caribbean carrying oil drums.

Ownership of the vessel was traced to a U. S. Army officer who was on the trail of attempts were made to poison him and to sabotage his plane.

The arrested attempts and with the cooperation of Army Navy, Canal Zone and British authorities, he managed to round up all he believed to be members of the spy ring.

Lieut. Andrews' board is still in session.

"We must understand that the enemy probably expects us to make this ring sooner or later and most likely has prearranged plans to place another echelon into operation."

"Our intelligence agencies will have no stop untill we have the names of all persons who are in the ring and who are in the ring."

Attack Japs In Celebes

Allies Strike Blows
At Enemy Warplanes

ALLIED HEADQUARTERS, AUSTRALIA. (AP)—The long arm of the Allied Air Force reached out more than 800 miles northwest of Australia yesterday to rain explosives on Japanese warplanes concentrated at the Kendari Airfield in Dutch Celebes, General MacArthur's headquarters announced today.

In other fast-moving operations Allied bombers struck simultaneously at Japanese bases at Dili, former capital of Portuguese Timor, at Lar and Salakama in New Guinea, and at Tulagi and Bougainville in the Solomon Islands.

The attack on Kendari caught the Japanese completely off guard. The first strike, which was followed by a second, was a surprise. The Japanese were able to make several low-level runs over the airfield, dropping bombs and incendiaries.

"It was a most successful raid," declared the leader of the force, "and the Japanese were killed on the airfield everywhere. I saw bombs hit one group of aircraft and another group of aircraft on the ground."

A headquarters communiqué reported that many Japanese airplanes also were destroyed at Dili, Tulagi and Bougainville, and that fires were started in the wharf area.

Waiting For Egypt Decision Like Sitting Through Operation Vigil

By DE WITT MACKENZIE
Wide World Military Analyst

This waiting for the decision in the battle for Egypt is like sitting through a surgical operation while a surgeon while his scalpel is a life or death operation.

The momentous engagement which now is going full blast across the desert near El Alamein, 70 miles west of the great British naval base at Alexandria, may be one of the turning points which will determine the fate of the war.

It may determine the fate of the war.

Mr. MacKenzie's Analysis:

General Sir Claude Auchinleck, the British commander, himself suddenly ended the withdrawal of his army and deliberately precipitated the big battle. At latest reports the fighting was along a front about 40 miles long, the great Qattara Depression which forces a barrier to military operations.

It was the supreme moment for which Rommel had been waiting, since he not only had to break through the British but he had to break through the British before the latter had a chance to reorganize their disorganized forces, but he was not to do so before his danger.
