Talking About Trifles

By Marquis Childs

right.

As a matter of fact, that's fairly close to the truth. From, let's say, 1937 on, we were a divided and a confused people. We simply didn't want to see the threat to our security that was loaming larger on the horizon.

By Marquis Childs.

NEW YORK.

I that we rould do an unbelievable tate around the world which is many said as the control of that we could not stratege and the many said and the said of the globe. We didn't know our publish are correspondent in an anound strength, our own greatness.

I don't think there are many for the control of the past reheared. Most of the past reheared the control of the past reheared the control of the past reheared the control of the past reheared. Most of the haven the control of the past reheared the control of the past reheared the control of the past reheared the past re

that power.

President Rosevell, in his
Philadelphis and Chicaco
speeches, touched this theme.
But he leaned heavily on generalizations, skelching in a rosy
picture of a tomorrow with 60000,000 johs and three times the
forcian trade we had before
1910.

"Although I hope you will achieve agreement on the malor lours are remembered to the malor lours are remembered to the malor lours are remembered to the malor, I suggest it must not be
at the price of our own airdies. I suggest it must not be
at the price of our own airthoses and our own future in
those parts of the world when
"Abnove all tels, we need to
fly and buy Commonwealth
We do not want in rely upon
American aircraft after the war
our bases a throughout the
world..."
