How It Looks To Hitler Air View Of The Western Front

# Fifth Army Unit Moves

ROME—FF-Trope of a Fifth rmy Indian Division moved for-ard today along the Florence-nerna Road against only light-elistance and reconnaissance in-teriors indicated the enemy was a thirdewing from the mountains. The apparent of the second that are not to the second property of the second as to straighten out a bulge is line between Bologna and assura.

On the Eighth Army front there as no change in positions. Allied oops still were engaged in heavy chiling around Alberto, northeast Thereis.

victory this Winter.

That is how the fighting looks from the West.
Progress te encouraging, but difficult.

How does this same front look from the other
side? An airman, far above Hiller's mountain hideout in Bavaris might see it as depicted here. Germans, on the defensive in resions they never thought
would be mentaced, have reason to be pessimilité at

would be manced, have reason to be pessimistic at the view.

They know from experience that armies have crossed and recrossed the Rhineland border for centuries, through natural invasion aremuse. They centuries, through the views and the views of the property of the Patherland, despite fortifications.

The French pribing irresiatibly through these gasteways to the Patherland, despite fortifications.

The French Pirsk army has forced the southernmost gate, the Bellori Gap. Polius stand upon the Rhine above the Swiss border, while 15 miles to the horth another spearhead has hammered along the saverne Valley to Strabsburg and all but cuts of 50,000 Germans in the orthern tip of the front, the filles have already reached the Rhine.
