Thomasboro Water Cutoff Friday Still Holds Good

By ANN SAWYER
Charlotte News Staff Writer

The attorney for the A. A. McCall Water Co., supplying water to approximately 85 Thomasboro families, today said the order to cut off the system at midnight Friday still stands.

Charles Henderson said his client had received no extension from the State Utilities Commission in Raleigh.

People in the Thomasboro area, Mr. Henderson said, were notified again yesterday the distribution system will be turned over to them if they would form a corporation to operate it. Approval of the Utilities Commission will be necessary.

Mr. Henderson said the order has been made repeatedly, and still stands.

For years, he added, Mr. McCall, now deceased, and his family have attempted to terminate their operations of the system. It has been unprofitable and a great source of worry, Mr. Henderson said.

Notices have been given, but the customers have pleaded for extension several times in the past, he said.

MOVE FAILS

In January, 1955, Miss Faye McCall, daughter of A. A. McCall, said the system would be discontinued in 90 days. Instead,

Americans Abroad May Be Reduced

WASHINGTON — Secretary of State Dulles, speaking of anti-American rioting in Formosa, said today some better way must be found to cope with the problems of stationing large numbers of Americans in foreign countries.

Dulles told a news conference the presence of thousands of Americans on the Chinese Nationalist island was in his view a cause of the rioting.

One way to deal with the problem of resentment by foreigners, he said, may be to reduce American official personnel — especially military personnel — wherever possible.

OTHER COMMENTS

Dulles also made these other comments on world affairs:

1. The United States will accept for disarmament inspection any area in the world where an inspection system can be carried out quickly. Because of such problems as the opposition of German Chancellor Konrad Adenauer, Dulles said, it may not be possible to include European territory in a first stage disarmament agreement.
2. The possibility of a Big Four meeting on German unification is being studied, but not something just around the corner. Dulles said he and President Eisenhower agreed with Adenauer to talk with British and France about having a four-power meeting on German unification after any first-stage disarmament agreement with Russia.
3. The U. S. policy of barring American news from Communist China is unchanged. Some suggestions for ways to modify the barrier have been received, Dulles said, and are being studied. He said he and Adenauer are working to reach an agreement on the status of the talks in Paris is expected tomorrow, Dulles said.
4. Negotiations between the United States and other countries, notably Britain and Japan, and with Red China have apparently reached an impasse. Some announcement on the status of the talks in Paris is expected tomorrow, Dulles said.

Humphrey Resigns Treasury Position

WASHINGTON — George M. Humphrey today resigned as secretary of the Treasury, Robert B. Anderson, former deputy secretary of defense, was picked to succeed him.

Humphrey's resignation was announced by the White House through release of a letter from the Secretary of the Treasury to President Eisenhower asking to be relieved "no later than the close of the current Congressional session."

Anderson's name was announced by the White House through release of a letter from the Secretary of the Treasury to President Eisenhower asking to be relieved "no later than the close of the current Congressional session."

Humphrey's decision to leave the cabinet and the choice of Anderson to succeed him were generally expected.

GENERAL EXPECTED

Humphrey's friends have been saying for months that he was anxious to return to the business world that was nearly his entire life for 40 years until he took the Treasury post in 1952.

The Olden industrial group of a \$30,000,000 annual income when he went to work for the government at \$22,000 a year. Cabinet salaries were raised to \$23,000 last year. But his aides insist he had nothing to do with his decision to step down.

Warren Tells Goals

Baptists Seeking Members, Money

CHICAGO — Southern Baptists today received an executive committee report urging a 10% million dollar budget and giving a boost to a movement to add 20,000 new Southern Baptist churches and preaching stations.

The budget recommendations for 1958 range to the Southern Baptist Convention is one of the largest in the group's history. Thirty-five million dollars would go to fund operations and capital expenses of all Southern Baptist Convention agencies. Of the 1958 budget, 75 per cent would be earmarked for the foreign mission board and 25 per cent for the home mission board.

A second major recommendation concerns the expansion movement. The executive committee in a prepared report suggested that a movement to create 20,000 additional churches and preaching stations be made "an integral part of the Baptist Jubilee Advance."

The convention's president, the Rev. C. C. Warren of Charlotte, N.C., laid nearly 10,000 delegates attending the opening session that commitments, by state conventions indicate that "our people are ready to meet the challenge."

He said that more than 13,000 localities have been pinpointed where "a Baptist church is sorely needed."

However, he said "I do not believe that it is the policy of the Southern Baptists to go as invaders anywhere."

"We prefer to be regarded as allies, not where there are large numbers of us a sword and an ax to go to the limit of our ability in getting the message of salvation to them."

AN ANNIVERSARY

The Baptist Jubilee Advance, to be observed in 1964, will mark the 150th anniversary of organized Baptist work, the committee said.

In other prepared reports, a committee set up to determine the site of a new seminary reported it had not reached any decision.

The relief and annuity board of \$3,946,654 in 1956 to approximate, by 4,600 retired ministers and deacons, and other ministers and widows. It said that in studying possible benefits afforded ministers under the federal Social Security program it had found "that Social Security is causing many of the older ministers to retire at an earlier age than they would have retired had they not had Social Security."

A committee set up to inquire into the feasibility of financing production of a film about "some detective Baptist bibles" reported it has been unable to "work out a practical plan" by which this could be done.

County to Consider Action in Emergency

Evening Prayer

Almighty God, who hath said that man shall not live by bread alone, assist us as we labor here our daily bread not to forget to seek that Bread of Life which never perishes. Through Him whose merit was to do the Will of His Father. Amen.

County to Consider Action in Emergency

In another development today, County Commission Chairman Sid Y. Meaden said the Commission will consider action in an emergency development in the Thomasboro water situation.

His statement came during a joint city-county budget session, which is on the river from the Brooklyn Bridge.

He did not indicate what action the Commission might consider.

But earlier Councilman Herbert H. Baxter had suggested the county might provide supervision and financial assistance for operating the McCall water system until the city can legally extend water lines into the area.

Two 'Pull A Brodie,' Only One Returns

Two men parked their car and hitched a ride from a motorist to the middle of the bridge.

Police, changing his mind, ran to a diner on the Queens shore and told a bartender what had happened. Police was called, and ladders and emergency squads went into action.

SEEN ON STREET

About dawn, Roulette was spied walking along a street near the Queens shore. He was dazed, limping and weeping.

Roulette said he swam ashore, and police said he corroborated much of the story they had gotten from Roulette earlier.

Roulette said that when he came to the surface after his plunge, he heard the voice calling to him — "Ronnie, Ronnie." But the cries soon died out.

SLEPT IN CELLAR

Roulette said after that he reached shore, he entered a cellar and slept in the cellar for a few hours.

Roulette was treated at St. Vincent's Hospital, Long Island City, for a possible fractured ankle. He then was taken to a police station for further questioning.

A manhunt search for de Voe was pressed by police, but launch aid on shore.

S. C. Money Bill Freed After Month

COLUMBIA — The State Senate broke a nearly four week impasse in General Assembly activity today by voting 21-11 for a free conference on the deadlocked general appropriations bill.

Big issue in the bill is the size of a teacher pay increase.

The Senate vote signaled return of the House, which has been in indefinite recess for almost three weeks.

BREAK CAME

The break came after the Senate first agreed to allow absent senators to vote on the question of free conference.

A 267-vote approval of a rule suspension to allow the absence of senators to vote on the question of free conference.

Sen. Dennis of Berkeley moved for the rules suspension to allow absent senators to vote as a way of working toward a break in the impasse over teacher pay and tax increases.

Operators Of 2 Local Hotels Are Arrested

By JOHN JAMISON
Charlotte News Staff Writer

Detectives made six arrests here late yesterday and this morning to nip an alleged vice ring in the bud.

Among those arrested were a couple who operate the Ritz and Franklin Hotels here and an abetting prostitute.

The other four persons arrested — two charged with prostitution and two charged with soliciting for prostitution — had barely arrived in town when Detectives F. Hucks and C. R. Moyle nabbed them.

One case was described by Moyle today as "unusual" in that hotel operators were charged along with the alleged prostitutes and procurers.

Arresting this morning before Judge Basil Boyd were Zelma Florence Finckel, 33, Yorkum, Tex., and Ruby Lee Morgan, 44, 168 S. Main St., Anderson, S. C., both charged with prostitution.

Charged with aiding and abetting in prostitution were Clarence Lee Morgan, 32, and his wife, Annie Mae Morgan, 32, both of whom live in the Ritz Hotel, 100 N. Bevard St. They are operators of the Ritz and the Franklin, 104 S. Bevard St., detectives said.

Judiciary Unit Takes No Stand On Racing Bill

RALEIGH — Legislation to allow North Carolina counties to legalize horse and dog racing and pari-mutuel betting in "local option" elections was given a "with-out prejudice" report today by House Judiciary 2 Committee today.

The bill will not go to the House Finance Committee. The "with-out prejudice" report means that the committee took no stand either for or against the bill.

The committee voted 7 to 4 to defeat a motion by Rep. Carroll Holmes of Perquimans that the bill be given an unfavorable report. It then adopted the motion by Rep. Marcellus Buchanan of Jackson for not to prejudice report by voice vote.

Buchanan said he did not want to see racing legalized in his home county of Jackson but pointed out that he had voted on a number of measures to allow towns to have local option ABC liquor elections.

He said he did not want to see racing legalized in his home county of Jackson but pointed out that he had voted on a number of measures to allow towns to have local option ABC liquor elections.

Clinton Liquor Vote Delayed

RALEIGH — A Senate committee postponed voting today on a bill to allow the Town of Clinton to vote on legalizing ABC liquor stores after a hearing on the issue.

William F. Marshall of Stokes said a vote would likely come tomorrow, but he said he was not sure a local option whisky election for North Wilkesboro.

The bill would allow dry forces turned out at the hearing before the proportions and grievances with adopting and attempting to murder Mrs. Ruth E. Latham, a sharp rebuke last night from Sen. Beatrice Winn, 57, and Mrs. Lucille Whisenand, 36.

Hearty disagreement with your verdict in every respect. Judge Hewitt told the six men and six women jurors, adding that most must have had preconceived ideas before you came in here.

The jury had deliberated since Thursday and had sat through 50 days of testimony and argument with Judge Trial in San Diego County Criminal Court history.

2 Small Boys Burn

CHICAGO — Two small boys involved in a parked automobile last night after an explosion of a can of gasoline set fire to the car.

The boys, Jackie McDermott, 7, and Steven Faldo, 6, had been playing with a hammer in the car. Go First to FIELDS — Sterling FRIENDSHIP RINGS 51 (Adv)
