WORLD NEWS

Open Check Urged

LONDON (P)—John Foster Dulles proposed today that all of the United States, all of the Soviet Union and most of Europe be exposed to aerial and ground inspection as a safeguard against sneak nuclear attacks.

Highway Program

WASHINGTON (P)—The government today earmarked nearly three billion dollars to be spent on the national highway program in the 12 months starting in mid-1958.

Disarmament Plan

LONDON (P)—U.S. Secretary of State Dulles, in a bid to revive lagging disarmament talks, placed before the U.N. Subcommittee today a western plan to guard against surprise nuclear attacks.

Dog Killed

LANSING, Mich. (P)—Benji, a 150-pound St. Bernard dog, was shot to death today in execution of his sentence for a vicious attack on a man. Even Benji's best friends gave up on him as too dangerous.

Shotgun Robbery

DURHAM (P)—Two young men riding in a stolen car pulled a shotgun on the attendant of a service station and robbed him of \$247, police reported.

Wages Raised

PARIS (P)—The French government, having a new threat of inflation, today raised a 5 1/2 per cent wage increase to the nation's lowest paid workers, bringing their salaries up from 126 francs an hour to 133 (about 33 cents).

Biggest Raid

MANAMA, Bahrain (P)—British warplanes carried out the biggest air raid of the campaign against rebel tribesmen in the Sultanate of Oman and Muscat, the RAF announced today.

SBA Revival Vote

WASHINGTON (P)—The Senate was set today to vote for speedy revival of the Small Business Administration. Also due for action was a compromise bill to extend and broaden authority for overseas sale and barter of surplus American farm products.

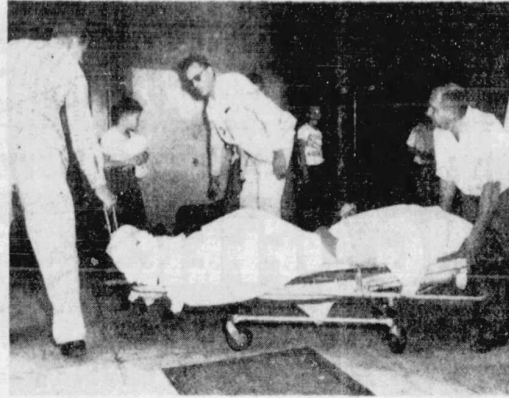

George Weaker

VIENNA, Ga. (P)—Former Senator Walter F. George is gradually getting weaker and losing ground fast in his fight against heart disease. That was the latest report of Dr. Martin L. Malloy, the George family physician for 25 years.

Covered By Sheets, Marilyn Monroe Is Wheeled Into New York Hospital

BABY LOST TO ACTRESS

M. M. Rests After Operation

NEW YORK (P)—Movie star Marilyn Monroe lost her baby last night by miscarriage. An emergency operation was performed.

The wife of playwright Arthur Miller was reported today "as feeling as well as can be expected." After the operation in Doctors Hospital a medical source who declined the use of his name said "the baby was unsaveable and it was urgent to protect the life of the mother."

Miss Monroe was rushed here yesterday by ambulance from the Millers' summer home at Amagansett on the eastern end of Long Island. It was a 106-mile trip.

Miller, who drove to New York in the ambulance with his wife, was at her bedside this morning. There were no other visitors except two doctors and the film star's press representative, Warren Fisher.

Dr. Hilliard Dubrow, one of two gynecologists who performed the operation, said he was "not at liberty to divulge the medical aspects" of the case but he said "she certainly can have more children and she's very anxious to have more children."

He said "her condition is as good as can be expected."

Miss Monroe's condition became apparent yesterday morning and an emergency call for the East Hampton Ambulance was made from the Miller home at 11 a.m.

Miss Monroe was described as "slightly irascible" and seemed tired. A bouquet of roses brightened her room.

Ike Disappointed At Rights Defeat

Protection For Voters 'Ineffective'

WASHINGTON (P)—President Eisenhower said today the jury trial provision added to the civil rights bill by the Senate threatens to weaken the nation's judicial system. He said it will make the bill "largely ineffective" in protecting the rights of all Americans to vote.

Eisenhower previously pictured by Sen. Potter (R-Mich.) as "damned unhappy" over the Senate action, gave his views in a statement marked by sharp language.

Disappointing He said the 51-42 vote that granted jury trials in criminal contempt cases would be "bitterly disappointing" to many millions of Americans in that it would have the effect of leaving great numbers of qualified voters disfranchised.

White House press secretary James C. Hagerty, who said Eisenhower dictated the statement to him, declined to tell reporters whether the President will veto the bill if it is finally passed by Congress in the form of the Senate measure.

No time was mentioned in connection with the rate increase, but reports were current that an announcement might be made before September. Firm loan commitments already made presumably would not be affected.

There was no immediate comment from housing officials.

A reduction in FHA down payment requirements for prospective home buyers was authorized and imposition of sharply lower ceilings on discounts was ordered by Congress in new housing legislation signed July 12 by President Eisenhower.

Reports that FHA planned to increase its interest charge were partially confirmed by Rep. Rains (D-Ia.), chairman of the Housing subcommittee of the House.

He told a reporter he had been "informed such a study was under way" in the administration in connection with impending reduction of down payment requirements.

"I am afraid they are also going to increase the interest rate," he said.

LUCY, The 2-year-old Leghorn who started the feathered week last week by laying 17 eggs in five days, looks rather disdainfully at a mere 15 eggs laid out before her by a Rutgers poultry physiologist. Her's trying to find out why Lucy hasn't produced another egg since her great effort last week.

Rate May Rise On Home Loans

WASHINGTON (P)—Another increase in FHA home loan interest rates is imminent, congressional sources said today.

They said they expect a boost from 3 to 5 1/2 per cent in the interest rate to be announced soon along with approval of lower down payments and new controls on the amount of discount—or premium—which may be charged borrowers on mortgage loans insured by the Federal Housing Administration.

No time was mentioned in connection with the rate increase, but reports were current that an announcement might be made before September. Firm loan commitments already made presumably would not be affected.

School Petition Hearings Stated

By DICK YOUNG Charlotte News Staff Writer Hearings on the petitions for reassignment of 24 Negro children to white schools will be started by the City School Board Wednesday at 4 p.m.

Decision to commence the hearings was reached at a school board meeting today.

Willingness on the part of board members to "stay with it until completed" was expressed during this morning's discussion.

An indication of the probable framework of the hearings was given by Brock Barkley, board attorney, who told board members they would be concerned solely with the individual problem.

"NO NEED" "There will be no need for you to listen to any discussion of the general principles of pupil assignment," said the attorney.

He added, "The courts have ruled that pupil assignment is solely on an individual basis and your hearings will be concerned only with facts regarding the requested assignment affecting a particular individual."

The hearings are in line with the state pupil assignment law which provides that parents have the right to petition the board for a review of the case in which the student has been denied reassignment to another school.

The hearings will be on the board's refusal to reassign Negro students to previously all-white schools.

35 TURNED DOWN At its July 23 meeting the board voted to admit five Negroes to white schools but turned down the requests of 35 others.

Of the 35 turned down, 24 have petitioned for hearings. Thirteen families are involved in the hearings on the assignment of these 24 children.

The board also has before it written requests for hearings on three white children. The board turned down requests for transfer from Alexander Graham junior high to Sedgewick junior high, Hawthorne junior high to Eastway junior high, and Lakeside elementary school to Ashley Park elementary school.

Indications were that hearings on these three requests might not come until Thursday.

Scores Hurt During Panic

PHILADELPHIA (P)—A blast rocked a six-car Broad Street subway train during the morning rush hour today, injuring scores and causing panic in the underground tube.

The three hospitals to which the injured were taken said none had been hurt seriously.

Many suffered cuts from smashed subway train windows. Others were treated for shock.

The Philadelphia Transportation Co. said the blast came after the motor of the lead car on the passenger-jammed train short-circuited, causing a circuit breaker to explode.

The blast and minor fire in the lead car caused many of the passengers to smash windows in the subway cars and scramble out to the Erie Ave. platform. Many wandered to the street level and were given sedatives at nearby drug stores.

Edward Caswell, 40-year-old motorman of the subway train, said the blast started in the lead car of the eight-car train, which was jammed with work-bound passengers.

Caswell said he was temporarily blinded by the flash from the explosion, but recovered quickly and opened the subway train doors to let passengers out on the station platform. Many of the passengers, he said, were screaming and hysterical.

He said he thought depriving them of their property was a "private property invaded."

By DICK BAYER Charlotte News Staff Writer Treasure hunters by the hundreds, after a \$2,000 check hidden as a promotion stunt by a local radio station, have been reported by police to be searching along Wilkinson Blvd. and drawing complaints from drivers and property owners as they progress.

The band of hunters is seeking a check hidden by executive of radio station WAYS July 17. Since then daily checks have led the public to an area on the busy highway between Ashley Rd. and Steele Creek Rd.

County police reported today American Cyanamid Co., 3333 Wilkinson Blvd., has called for aid for the last three days to police with bands of trespassers. Cop says most of the hunters are armed with picks, shovels and other digging implements.

Henry G. Keziah, Cyanamid branch manager, said, "We are certainly not opposed to station WAYS treasure hunt and want to wish some lucky person the best of luck in finding this money. However, during the past 24 hours, over 1,000 people have swarmed over our premises, creating a serious situation to us and our employees in the operation of this plant."

NOT PRIVATE "WAYS announced last night the money is not hidden on private property, which means therefore it is nowhere on the property of American Cyanamid Co. Inasmuch as we have been unable to contact the radio station management, we have asked the help of Mecklenburg County Police in assisting us in the protection of persons and property."

State Highway Patrolman J. B. Stewart said today it is not necessary to keep a sharp eye along Wilkinson Blvd. for the last three nights.

Rate May Rise On Home Loans

It Went That-A-Way

Nocturnal Visitor Stirs West Coast SAN FRANCISCO (P)—From Southern California to Portland, Ore., from Salt Lake City to the coast, western skies last night glowed to the light of a hurtling object or objects.

The main one—if there was more than one—appeared to disintegrate over Yreka, Calif., near the Oregon border. It made an explosion heard all over Siskiyou County.

Most observers thought it was a meteor. It was seen about 9:30 p.m.

In Eureka, Calif., 250 miles north of here, amateur astronomer William Abbey said the brilliant bluish-green object was traveling north when it disintegrated in the northeast section of the sky. That would place it near Yreka, 50 miles in that direction.

Abbey said the object was trailing fragments from its red and yellow tail which dropped straight down. Telephone calls swamped newspapers and radio stations from the Columbia River to south of the Tehachas and east to the Great Salt Lake.

Reports from northern California had the object traveling straight north. Other reports had it traveling in an east-west trajectory over San Francisco Bay.
