Billy Graham (Left) Talks To Charlotte's Mayor James Smith After Friday Night's Sermon

## Billy Beamed Brightest Over Charlotte's Night At Garden

By EMERY WISTER

Charlotte News Staff Writer

NEW YORK — Just before Billy Graham mounted the platform in Madison Square Garden last night he spotted Charlotte's Mayor James S. Smith standing with the rest of the delegation.

"Where were you?" he asked the mayor. "I wanted to have my picture made with you."

Last night some 20,000 persons ended about 9:30. Graham posed for pictures with all the members of the group who had come up for Charlotte Night in the Garden. He held them.

"It warmed my heart to have you Charlotians here tonight. It meant far more to me than it did to have the many from other cities who sit on the stand."

Last night some 20,000 persons jammed the building past its legal 19,200 capacity. Another 1,000 stood outside unable to get in. And after the services were over 548 persons came forward to "give their lives to God."

Graham told the huge crowd of his early days in Charlotte when he rode on muddy roads in an automobile without windows.

Mayor Smith spoke briefly. "We have anxiously waited for the time you said you were coming home. In our hearts you are still our boy, my God bless you in your work."

After the service had been concluded Graham said he was afraid an engagement in Texas would prevent his appearing in Charlotte.

(A spokesman for WBTV announced today that the station will carry Billy Graham's Times Square appearance from 6:30 to 7 p.m. Sunday.)

for the Optimist Club's Nov. 3, Youth Appreciation Program. He said, however, he would see if a shift could be made to permit him to come to Charlotte.

END SUNDAY

His New York Crusade will end Sunday night with a huge mass meeting in Times Square. A huge area facing the huge electric signs will be roped off for the meeting, and thousands are expected to attend.

Presley, immediate past president of the Charlotte-Mecklenburg Ministerial Association.

Charlotte never had a spokesman like Billy Graham last night. He told his audience, which filled every seat and half the steps in the three-tiered Garden, that Charlotte "is one of the most progressive cities in the south with one of the most beautiful auditoriums in the country."

He then told the throng of his plans to conduct a great crusade in the Charlotte Coliseum next year and asked them for help.

"Richmond and Louisville both gave us money for the New York revivals," a speaker reminded the crowd. "We therefore ask you for a little help in getting the Charlotte meeting off to a good start."

The collection was then made but the amount collected will not be known until next week.

"The bankers have it now," said Graham. "They have to count it first."

Members of the Charlotte Night delegation, however, returned home today and will not be here for the final service. Flying both in regularly scheduled airlines and WBTV's private plane.

W. G. Haymaker, director of the New York crusade, said, "We have asked permission to extend the meeting to two weeks."

He said the Charlotte crusade will be carried on about 100 radio stations just as the New York meeting has been done.

Budget for the Charlotte crusade should be about \$150,000, officials said here last night.

An advance gifts chairman in Charlotte is expected to raise about \$40,000 which will be added to the money persons gave at the meeting here last night.

Roger Hull, chairman of the New York Crusade Executive Committee, said the New York budget was \$2.5 million, adding, "We will have a surplus and that's why we look up a collection for Charlotte last night."

## Masked Man Gets \$450 In Holdup

### Johnson Restaurant Is Robbed

Howard Johnson Restaurant, 3314 N. Independence Blvd., was held up at gunpoint early this morning and the masked robber made off with about \$450 in cash.

Mrs. C. H. Rayborn, manager of the restaurant, told the News this morning that the intruder left over \$75 in change.

City police gave this account of the robbery: Two waitresses at the restaurant, Mrs. Faye Helms of Monroe and Mrs. Iona Whitley of Waxlaw, closed the business this morning at 1:30 and went into the parking lot to get into Mrs. Helms' car.

As the two women were about to leave, a Negro man came up to the car with a shotgun and asked where the money was. The man had a T-shirt around his face and nothing was visible but his eyes.

Mrs. Helms told the man that the money was in the trunk of the car. Mrs. Helms told police that the man said, "You know what will happen to her if you don't come back with the money."

Mrs. Helms went into the restaurant and opened the safe and got out two steel boxes and two money bags and brought them out to the car.

Mrs. Helms told police that the man said, "Drive north" and ordered Mrs. Helms back into her car. He told the two women to "drive north on Independence Blvd."

The intruder fled when Mrs. Helms got into the car. Police said neither of the two women got a good look at the man since his face was covered with the T-shirt.

The women told police the man was about 5'6" and weighed about 150 pounds.

Police are processing the money bags and boxes for fingerprints.

## 1958 Congressional Session Already Figures To Be Rough

WASHINGTON (AP) — The nation's lawmakers were streaming home today to get the verdict on President Eisenhower's program but what probably will be a rough session when they reassemble Jan. 7, 1959.

Final adjournment came at 3:37 p.m. EDT in the House and 4:22 p.m. EDT in the Senate.

The first session of the 85th Congress closed down late yesterday with a historic civil rights bill passed but with much of President Eisenhower's program put over until next year.

Powerful Blast

Bomb Lights Up Desert Darkness

ATOMIC TEST SITE, Nev. (AP) — An atom bomb twice as powerful as the one that shattered Hiroshima exploded today with a blinding blue light visible for hundreds of miles throughout the West.

Within a few minutes after the shuddering blast was touched off, 40 helicopters swooped in to pick up 900 Nuclear Age infantrymen huddled a mile and a half from the blast site for post-shot assault maneuvers.

CANADIAN PLATOON

A crack infantry platoon from Canada took part in the troop exercises in French and German troops other than those from the United States have participated in such maneuvers. Radiation detection crews from Canada have been active in the tests since 1955.

The shot, code-named "Smoky," was the 15th in the current test series being conducted by the Atomic Energy Commission. It was exploded from a 700-foot tower at 5:30 a.m. after a 50-minute delay to permit a final check of wind conditions.

Grass and trees in the blast area caught fire as the explosion lashed across the desert.

Senate Democratic Leader Lyndon B. Johnson of Texas said he believed on reflection the President "will find that the record of this Congress was as fine as any he can recall and that it passed more substantial bills than the first session during his first administration."

House Democratic Leader McCormack of Massachusetts called it "one of the greatest congresses this country has ever had."

But Senate GOP Leader Knowland of California said the Congress had left untouched much of the Eisenhower program, even though the President won an overwhelming endorsement at the polls last November.

Democratic leaders disagreed with Eisenhower's expression of disappointment.

after the 1958 legislative session since 1951 during the Korean War.

Eisenhower last week expressed himself as "tremendously disappointed" in the labors of this first congressional session of his second term.

But the weary senators and representatives could look back on an eight-month session that began with enactment of the Eisenhower-aided doctrine and was climaxed by passage of the first civil rights bill in more than 90 years.

In their 1958 election year session, they will be faced with a wide variety of major problems, many of them postponed from this year.

These will include tax relief, extension of the reciprocal trade agreements act, natural gas regulation, control of union welfare and pension funds, liberalization of the social security laws, farm relief, and extension of the public housing program.
