Raymond Burr Wins His Case
Perry Mason Charms North Carolina Bar AssociationBY ROBERT A. WILLIS
BLOWING ROCK, June 20 (AP)—

Perry Mason won his case with the North Carolina Bar Association Friday afternoon.

Raymond Burr, handsome actor who plays the lawyer, Mason on television, rose to a standing ovation at the bar convention here.

Sustained applause followed his defense of the lawyer's dignity and role in society. Burr greeted his sallies at published criticism from Superior Court Judge Frank Armstrong of his show and appearance here.

Before and after his talk on "Lawyers in the Public View" Burr was swarmed by photographers, including scores of pretty, chic wives of lawyers. Textile magnate J.

Seeking Summit
Exiled Lama Urges
Nehru-Chou Meeting

MUSSOORIE, India, June 20 (AP)—The self-styled Dalai Lama of Tibet said today he would attempt a meeting between Prime Minister Nehru of India and Premier Chou En-Lai of Red China to throw out a solution to the Tibetan problem.

The fugitive god king told his first news conference since he arrived in India two months ago that he was undecided about his future but would not stay in India indefinitely.

The Dalai Lama said he was pleased that India, his host country, had championed Tibet's cause, as it did that of Algeria, Morocco and Tunisia. He said he would welcome a summit meeting between Nehru and Chou En-Lai "if the actual events in Tibet were considered in their true perspective."

The Dalai Lama added he would also welcome "the support of all countries of the world, including Soviet Russia," for the Tibetan cause.

Stating that the present Tibetan regime was "nothing but a deceptive government with all powers in the hands of the Chinese," the Dalai Lama declared, "We people of Tibet will never recognize it."

He pledged he would return to his capital city of Lhasa only when he obtains "the rights and powers which Tibet enjoyed and exercised prior to 1950."

The Dalai Lama said the puppet Panchen Lama, installed by the Chinese as token head of Tibet, has been under Chinese influence since his boyhood.

"He has no alternative except to carry out the orders of the Chinese, because he has no powers," the Dalai Lama said.

The exile blasted the Peiping government for trying to achieve the "final extermination" of the Buddhist religion and culture in Tibet by planning to settle five million Chinese in the Himalayan country.

Honeymooning St. Paul Couple Admits
Setting 11 Fires 'To Relieve Tension'

ST. PAUL, Minn., June 20 (AP)—After I saw the flames and everything, it was like a great pressure had been taken off me."

That was part of a statement police quoted from a newlywed St. Paul couple who admitted yesterday they set 11 fires here since late May "to relieve their nervous tension."

Jerome L. Palmquist, 21, and Dolores, 20, his bride of three months, were arrested as they approached a lumberyard early yesterday with several sheets of tarpaper wrapped in newspaper.

Frank Orberg, the fire chief, said Palmquist told him he had set the blazes to relieve nervous tension and "had felt better afterward." Damage estimates in the series of fires totaled \$225,000. Nobody was injured.

Det. L. George Barclay said Mrs. Palmquist admitted accomplices made on the expeditions but denied having actually set any of the fires. Palmquist was laid off from his job at a cheese factory a week ago. He and his wife were being held without charge.

The fires were set in three homes under construction, a lumberyard, two wrecking companies, four sheds and a tire firm.

Three Die In Fiery Wreck

BAKERSVILLE, June 20 (AP)—A woman and two men died near here last night in an automobile that ran off the road at a high rate of speed, struck an embankment, overturned on the highway and burst into flames.

The victims were Ruby Gardner, 25; Beacher Buchanan, 35, and Carroll Holmes, 25, all of Route 2, Bakersville.

The car wrecked and burned on NC 26 about a mile and a half north of the Mitchell County town of Bulandale, State Highway Patrolman R. E. Pipes reported.

Bodies of the victims were not removed from the wreckage until well after midnight because of the intense heat.

The car was a 1958 Buick Wildcat, a four-door sedan, with a white top. It was traveling south on NC 26 when it left the road and struck an embankment, overturned and burst into flames.

Earl K. Long
Plotting New
Court Battle

BATON ROUGE, La., June 20 (AP)—Louisiana officials were at Loggerheads today as to whether the state's chief executive as Gov. Earl Long indicated he may be plotting another court battle to free himself from a court-ordered treatment in a mental hospital.

Gov. Lethers Frazier, a friend of the 63-year-old ailing governor, said he wants legal advice before formally taking over as acting governor.

Secretary of State Wade Martin Jr., a political enemy of Long, said he would continue to recognize Long as governor. He challenged Frazier's right to take over without formal certification of Long's inability to act.

"Governor Long has been irresponsible for some time but there has been no legal declaration of that," Martin said. Long called for legal counsel from his lonely ward at the Southeast Louisiana Hospital at Mandeville, 54 miles to the east of this capital city where he and his brother, the late Huey P. Long, began thriving on peppy politics in the 1920s.

State police and sheriff's deputies overpowered the cursing, fighting governor Thursday night and rushed him to Mandeville. A physician and a psychiatrist said he suffered from paranoid schizophrenia—delusions of persecution.

Long had just skipped out on an agreement for voluntary treatment in New Orleans. The agreement had nullified a Texas court fight by effecting his Wednesday release from a Galveston psychiatric clinic. He had been held in the clinic 19 days by that order.

Martin said he would challenge Frazier in court if the 51-year-old former president of the United States College attempted to act as governor.

Frazier said he would not shirk his duty if an emergency developed. But he wants legal advice before formally taking over.

"Until then I will continue policies, and carry them out, of my close friend, Earl K. Long," Frazier said.

Atty. Gen. Jack Gremillion said Frazier could take over. Martin disagreed, saying the court did not send Long to Mandeville to declare the governor's inability to act. Long himself or some

body would be Washington where the group will get informal briefings from the State Department.

They are scheduled to arrive in Moscow next Thursday.

"I'm taking along some variety vacationland pamphlets ... Some North Carolina cigarettes, and brief sets of papers having an outline of what North Carolina is doing in various fields," the chief executive said.

One of his interests, he said, will be to "find out what kind of tobacco they smoke and where it comes from." There's a possibility, Jimmie Hodges, the Russian might be in the market for Tar Heel leather.

The Soviet educational system, and talks through interpreters with people in order to find out "how they feel about America," he added other concerns on the trip, Hodges added.

The governor said he has been studying a recording of the Russian language, but the only word he has picked up so far is "nyet." It means "No."

He will take along a couple of pocket watches, and he plans to bring back plenty of pictures.

The trip will end in Moscow about July 18. Hodges will branch off on his own with a flight to Warsaw, Poland, to observe rebuilding there since the war. Then he will fly back to the U. S. from Denmark, on an over-the-pole flight to Los Angeles. After a week or so on the West Coast, he plans to arrive back in Raleigh on July 21.

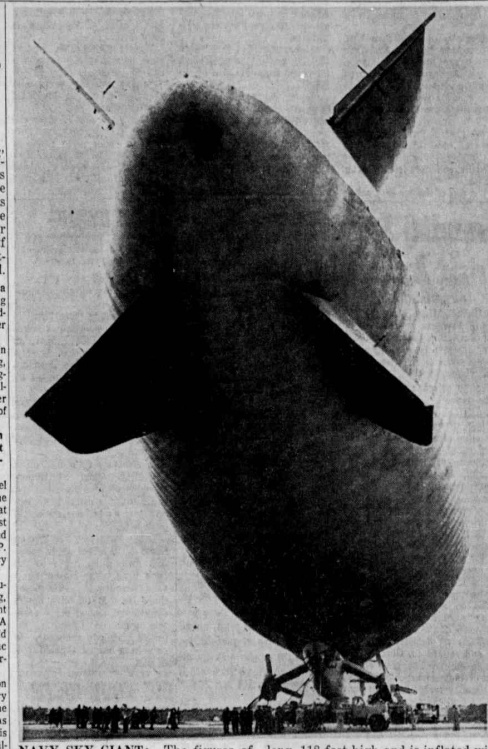

The Russian trip is sponsored, handled and paid for by the Institute of International Understanding.

A general session today, including election of vice presidents and a board of governors, ended the convention.

Spencer Love, board chairman of Burlington Industries, told the group he believes court reform, killed in the Legislature this week, eventually will win. He blamed "political trickery" and sectionalism for its defeat and declared: "The people of North Carolina are way ahead of the Legislature."

Similar sentiments were expressed in a letter from Gov. Hodges and in a talk Friday by Federal Judge Edwin M. Stanley.

long, 118 feet high and is inflated with 1,500,000 feet of helium. The ship, equipped with all the latest electronic devices, is expected to out-perform all existing early-warning radar aircraft. (AP Wirephoto.)

Hodges Prepares
To Promote State
In Soviet Russia

RALEIGH, June 20 (AP)—Traveling Gov. Hodges, proud of his reputation as the state's top salesman, is ready to take the North Carolina state to Nikita Khrushchev.

Hodges will leave Raleigh Sunday to start a three-week trip to Russia, in company with eight other U. S. state governors. First stop will be Washington where the group will get informal briefings from the State Department.

They are scheduled to arrive in Moscow next Thursday.

Two Camps
Deadlocked
On Berlin

GENEVA, June 20 (AP)—The Big Four foreign ministers today recessed their conference until July 13 without breaking the East-West deadlock on Berlin.

Western officials forecast a new Soviet drive for the summit following the failure of the talks. They said Soviet Premier Khrushchev is trying to frighten the Western Powers into a summit conference instead of offering concessions on Berlin as a lure to the West.

U. S. Secretary of State Charles A. Helms and other Western diplomats are reported to have decided two weeks ago that this was Khrushchev's strategy. Western interest in breaking off the negotiations here dates from that time.

One reason for such a conclusion would be the obvious split in the Western camp between President Eisenhower and British Prime Minister Harold Macmillan.

Eisenhower has taken the position that nothing produced at the Geneva summit justifies a summit session. Macmillan believes, as he has all along, that failure here makes a summit session even more necessary.

Reviewing the six weeks of negotiations here, Western officials insisted that Helms, British Foreign Secretary Selwyn Lloyd and French Foreign Minister

Robert Schuman were expected to arrive tonight.

The South African Army has loaned the police a few World War II armored cars to patrol the townships. The South African air force has also offered spotter planes to the police.

All African beer halls—trouble centers for Thursday's riots and yesterday's isolated demonstrations—were opening today except one in Cape Town.

African women were expected to picket them again and strong squads of police were posted.

They will remain on standby duty throughout the weekend.

Mayor W. E. Shaw told newsmen last night he was satisfied the police had enough men to handle the situation.

Other African districts were reported to be quiet.

White and African police patrols in Lamontville were strengthened after the incident but no further disturbances were reported.
